POLICE NEWS.

CARLTON.

Joseph Tomkins, a farmer of Duck
Lake, was brought before S. Gagnon,
Mag. J. P., Carlton, on the 27th ultimo,
charged with feloniously stealing, taking
and carrying away a string of sleighs,
valued at about the 14th ult., the prop-
erty of Jack, Edie of Snake Plains, a
Saskatchewan Indian of Manitoba band,
and after the evidence had been heard
of Jack Edie, Wm. Chaffee, Jas. Fraser
and George Dwyer, was committed for
trial.

Quite a sensation was caused here on
Saturday, by the excited "Bully" rush-
ing breathlessly in from his morning
meal, and reporting that he had sighted
a bear. A number of the boys headed
by John "Bully" who was armed with a
rifle larger than himself, quickly ascend-
ed the steep hill, then a long pull through
the snow brought them to a clump of
timber, when the more desirous "Bully"
yelled, "there he is as big as a moun-
tain." Cautiously creeping nearer with
cocked rifles, the bold youths now got
quite close to the unsuspecting animal,
and found that they had been hunting
a young ox. "Bully" has since been
presented with a bottle of hair restorer
to keep him employed at home.

At a sitting of the court held at Car-
lton on the 28th of February, Supt. Gag-
non and Hilday Mitchell, justices of
the peace on the bench. Jos. Tomkins,
awaiting trial for theft, was released
on bail to \$400, and two securities of
\$20 each.

The Rev. Mr. McWilliam conducted
divine service on Sunday morning and
evening in the orderly room of the M.
P. barracks, Carlton, at which there was
a good attendance of settlers and mem-
bers of the Force. The reverend gentle-
man left in the evening for Mr. Sleaser's
residence, and proceeded from there to
Prince Albert on Monday morning.

The adjourned meeting of the Presby-
terian congregation to receive the re-
port of the house committee, will be

be a large attendance.

Mr. Wm. Ramsey, against whom a
charge of making and selling whiskey
has been pending, gave himself up at the
barracks on Thursday. Capt. Young, J.

Ramsey, there being no evidence to con-

The party were at Great Slave Lake,
and report the musk ox and deer as very
numerous. They intend going down the

crossing over the height of land to the
Yukon and thence home by the Pacific
Ocean.

COMMUNICATIONS.

QUERY.

To the Editor of The Times.

SIR,—I would like to enquire, through your columns, how it is that work for our public institutions is given out without being properly brought before the public, so that all may have a fair chance to tender for it. The more fact of the tender being taken around amongst a few workmen who are not and never have been contractors is by no means giving those who are contractors and have helped to build up the place, and who do not go around looking for work a square deal. Yours, etc.

OLD RESIDENT.

SEED GRAIN.

To the Editor of The Times.

SIR,—In re the seed relief question which is now agitating the public mind I heard it stated by a prominent farmer lately that we could very well dispense with it; speaking for numbers of poor farmers like myself, who lost everything last season, I say this is not so. Much suffering would result, if the Government did not come forward with help at this time. How many of us are able to pay from \$1.00 to \$2.00 per bushel for seed grain today? Very few I am afraid, but numbers would be glad to sow all their fields and return a bushel and a half for one received. In fact it would be far better for the place if not a pound of seed held by farmers here were sown, it is so run down and deteriorated by continual sowing without a change, that it is much more liable to be a failure, than if new seed was brought in; nevertheless, it makes a fair quality of flour and for such it should be sold. I asked the farmer across what a poor man would do instead of applying to the Government for relief. His reply was, to sell their stock and buy seed. This would indeed be hard; better far not to sow grain than part with the most paying part of a farm today in the North-West—for every one who studies the question will allow that mixed farming is the most profitable in either Manitoba or the North-West. I am stated at times that we cannot raise stock to any extent here, probably, the winters being too long. This may be so if the herd exceed a certain number, but up to say 100 or 150 head, it will most decidedly be profitable, in spite of the large ranches to the west of us. I might remark, one important item, that the less stock a man has the better quality it should be. Many farmers say they cannot afford good stock. It seems, judging from the reports of the farmers meeting lately held in Orono, that is a pecuniary sense, it would be better for a man to sacrifice in order to place a thoroughbred sire at the head of his herd. I should be glad, for my part, if farming in its different branches were more fully discussed through the columns of your paper. Many young men, such as myself, have much to learn and would be glad of the experience of the older ones. I might say that if seed does come down the South Branch as proposed, it would be greatly to the advantage of all us who live across the river, if it could be landed on our side, say opposite the H. B. Cox store, or half a mile lower down. I have no doubt, Capt. Davis would, if asked, put it on the bank, leaving a man to watch it. By covering it well, and placing poles underneath it would be quite safe from storms, and in a very short time would all be hauled away. Though somewhat isolated, Carrot River Settlement can well be proud of its stock to-day. Men like Messrs. Robertson, Finlayson and Sanderson, with their fine flocks of cattle, are a credit to any settlement. Also, Messrs. Macdonald and Campbell, with the native race, in order to appreciate their good qualities.

R. E. BEATTY.

OTTAWA, Feb. 23.—Several parties are here interviewing the Government from the Lake Superior section of the C. P. R. They complain that they cannot get their pay from the contractors.

TORONTO, Feb. 23.—A stormy scene took place in the City Council this evening. Ald. Hall charged Ald. Baxter with working in the interests of the Grand Trunk Railway. The latter retorted and charged Ald. Hall with being a hirling of the Canadian Pacific Railway and a mean, miserable, contemptible liar, etc. Epithets flashed across the table and back again, and cries of "Order" from all quarters. Both gentlemen refused to retract the words used.

WAR NEWS.

Another Anglo-Russian War Imminent.

LONDON, Feb. 22.—The latest news from Afghanistan puts a serious face on the troubles between England and Russia, and it is openly said to-night that there is every prospect of an Anglo-Russian war. The scare is assuming serious dimensions, and thoughtful observers consider that the gravity of the situation exceeds that of the Sudan question.

British influence with the Afghans is strong at present, and it is feared that the Afghans will pressure on British friendship to the extent of forcing a conflict with Russia, in which case Great Britain will be compelled to take a part. If the situation does not improve, the guards will be ordered to Bombay instead of Suakin, and it is expected that Russia will not ignore such a challenge as would thus be implied. Most Englishmen are satisfied that Lord Dufferin is equal to any emergency. The war feeling of the Jingo is diverted from the False Prophet to the Russian Bear.

IN THE SUDAN.

LONDON, Feb. 22.—A dispatch from Sydney says: "The Government of this colony, as well as the citizens, are deeply grateful for her Majesty's sentiment towards the colonies. Offerings for the patriotic fund continue to flow in. One gentleman gives £2,000, and several more give £1,000 each yearly during the absence of the New South Wales contingent. The troops are rapidly loading, and will leave on the 3rd of March."

LONDON, Feb. 23.—Gen. Graham will have 8,000 troops in Suakin by the 9th of March. These will include the Indian contingent.

A Suakin telegram says that the arrival of the British troops has alarmed Osman Digma, who is trying to gather a large force at Tassili. He killed the messenger who brought the news. The Mahdi of Dongola fought the rebels who attacked the friendly tribes supplying the British with grain. Two thousand Mahdists rebels are reported killed by the Mahdi and his allies.

KORTI, Feb. 23.—A messenger sent last Monday failed to reach Khartoum and returned here. He met the native messenger, who said that the soldiers killed Gen. Gordon with swords and spears. The regulars, with some few exceptions, were all killed, but the women and children were spared.

BOMBAY, Feb. 24.—A Sikh regiment has sailed for Suakin.

Those who want a good Condition Powder for animals reduced by freight, or otherwise are advised to try the article prepared by T. E. Jackson at the Medical Hall. It contains no antimony or other injurious ingredient, and, while it costs less than half the price of the imported preparations, will give better satisfaction.

BIBLE COMPETITION.

The publication of the popular anonymous work entitled "Our Joshua as a Reporter," anxious to dispose of the limited number of copies on hand has offered a special inducement. The person sending the first correct answer to the following Bible question before the 15th Jan., 1885, will receive TEN DOLLARS in gold (\$10 in Gold), the persons sending the next five correct answers, one dollar each, and the five persons sending the last correct answers one dollar each; in all eleven rewards.

Each person competing must enclose twenty-five cents with their answer and will receive by return mail a copy of "Our Joshua as a Reporter," a humorous work of 160 pages of which the Provincial and United States press have spoken most favorably. Name this paper.

QUESTIONS.—Multiply the number of elders that John saw in his revelation by the number of years Satan was bound, divide by the number of gates in the New Jerusalem, add number of shekels of silver taken by Achan from Jericho, subtract the number of false prophets killed on Mount Carmel, divide by the number of Mosaic wives, and subtract His age at his death.

The correct answer and names of successful competitors will be published in the New Brunswick Freeman a copy of which will be forwarded. Address—HERMAN H. PITTS, Manager "N.B. Reporter," Fredericton, N.B. P. O. 209.

Here We are Again.

Owing to the change that is to take place in our business on or about the 20th inst., we require all parties who are indebted to us to please call and settle their accounts without further notice.
